place – a castle, a beach, a restaurant! It's great fun making up characters!

The Murderer winks at people to kill them, without the Detective seeing them. **Count to 3 before you die to make it harder!**

'**Arghhh!**' (You can perform a dramatic death for extra effect!)

The Detective has 3 guesses to work out who the Murderer is!

4. THE ALPHABET GAME (BONUS – Get to Z as quickly as possible!)

These are great games you can play anywhere – on your own or with other people, if you are waiting for something, on a bus or just walking along!

The Minister's Cat Think of an adjective for each letter.

The Minister's Cat is an... **A**ngry Cat

The Minister's Cat is a... **B**rave Cat

The Minister's Cat is a... **C**areful Cat all the way through the alphabet to **Z!**

My Name is Angela, Ben, Ciara... Change the underlined word for each letter!

"My name is Angela and I'm very Able. I live in an Attic and I like to eat Apples. I have a pet Ant called Andy!" "My name is Edward and I'm very Excited. I live in an Eggcup..."

5. IN THE WAY OF THE WORD (This is an especially fun game for whole families)

Some people (or 1 person) goes away so they can't hear what the other people are saying. The rest of the group decides on a '**doing**' **WORD** (an adverb) like: Bravely

Bossily Kindly Happily Elegantly Shyly

Sadly Grumpily Jealously Quickly Sleepily Sneakily Lovingly

Excitedly Frantically Delightedly Angrily Greedily Scarily The

one(s) who went away have to think up a few things they can ask the others to pretend to do (mime), to help them guess what the word is! When they come back, they ask them individually, in small groups, or all together to **pretend to do things** (Like **eat a banana/play football/go swimming/make a cake...**) **in the way of the word** and after they've mimed about 5 things the Guessers have to guess what their word is!

We hope you enjoy these games, rhymes & songs! You could make up your own **Grandma, Witch or Detective** character, **draw a picture** or **write a story about them.**
